# ***EXPLORE OIL & GAS SUBSEA TECHNOLOGIES***

Join us on a Technical Visit to  
TechnipFMC Innovation & Technology Centre

**May 31<sup>st</sup>, 2017 17:30 to 19:30**

43-45 Bd. Franklin Roosevelt  
92500 Rueil Malmaison

*A free event hosted by:*

**Institution of  
MECHANICAL  
ENGINEERS**

**Improving the world through engineering**

**European Division  
Groupe France**

## Agenda:

1. Presentation of integrated subsea systems, guided tour in ITC.
2. Demonstration of on-line field operations from the North Sea, with live field data being transmitted back to ITC.
3. Demonstration of the virtual reality environment offshore lifting simulator. This is a hands-on environment where participants can drive the crane during an offshore lift.

Refreshments are served at 17h00
