

Webinar on **“APS applications on urbanization: a holistic approach to solve parking lot shortage in crowded cities”**

Date : 9 December 2022 (Friday)
Time : 18:15 (Registration Starts), 18:30 – 20:00
Venue: By Webex

Highlights

The webinar is co-organized by Institution of Mechanical Engineers Hong Kong Branch and Energy Institute (Hong Kong).

Car parking is one of the key issues in most major cities like Hong Kong. With the aim to optimize spatial efficiency and innovative solution, Automated Parking System (APS) is one of the better solutions to provide more parking lots in limited spaces. More parking spaces means less drivers time looking for vacant spaces, less traffic on the road due to circulating and less emissions. Benefits are better driving experience, better road users' safety and health, and cleaner environment.

There are different types of Automated Parking System (APS) and they are selected based on customer requirements. The range of applications in terms of price, performance, construction lead time are significant. Careful selection, customization, integration and operation design are all critical to the success of the APS carpark. The speaker will demonstrate how to solve the parking lot shortage with cases sharing.

Honorable Speaker

Peter Fung has thoughtful experience in manufacturing, research and consultancy industries. He is present the project manager of Yeefung Technology Ltd., supplying over 1,000 Fully Automated Parking Systems in different countries.

Peter Fung is the Fellow of Hong Kong Society for Quality to promote TQM and Service Excellence in Hong Kong. He is also the Certified Quality Engineer (CQE) and Certified Six Sigma Black Belt (CSSBB) of American Society for Quality.

Registration

The Technical Seminar is free of charge and prior registration is required. For registration, please visit "[Online Registration Link](#)"

Registration will be accepted on a first-come-first-served basis with priority given to the Members of Co-organizers.

Deadline of Registration and Notification

The deadline of application is set at 6 December 2022 (Tuesday). Successful registrants will be informed via confirmation e-mail on or before 8 December 2022 (Thursday). Transferring or sharing of the registration is prohibited.

If the registrants have not received the confirmation e-mail by 22 August 2022, their registration will be regarded as NOT successful.

The event will be conducted via Webex. You do not need a Webex account to join the seminar. You can join from Webex Apps installed on your device or from browser (computer only). To join Webex event on mobile, please download Webex Apps in advance. When you click the link in confirmation email, you will be directed to the Apps or to Apps store if you have not downloaded yet.

Enquiry

For IMechE Hong Kong Branch Members, please contact Ms Jenny Chan/ Mr Sam Wong at 3153 4186 or e-mail to imechehk@imeche.org for any enquiry.

For EI (HK) Members, please contact Mr Danny Leung at 6650 1556 or e-mail to dleung001@yahoo.com.hk for any enquiry.

Disclaimer

Please note that only successful registrants who attended the webinar will receive an electronic CPD Certificate i.e. sharing of the WebEx link to others are prohibited. IMechE HK Branch /EI(HK) reserves the right to disqualify and terminate those non-properly registered participants to attend the Webinar.
