

**HOSOKAWA MICRON**

**HOSOKAWA GEN4**  
Data Driven Manufacturing

## FUTURE OF PROCESS TECHNOLOGY SHOWCASE 2019

Leading process technology and manufacturing expert, Hosokawa Micron Ltd, invites you to their headquarters in Runcorn, Cheshire for the **Future of Process Technology Showcase 2019**.

Hosokawa Micron is at the vanguard of an exciting technology-based future, connecting the real and digital worlds through Cloud-based, data-driven manufacturing.

This event will focus on new, industry-leading, **HosokawaGen4** technology, as well as **Virtual Reality** and **Augmented Reality**, which can enhance manufacturing processes and operator experiences via bespoke, data-driven, solutions that also contribute to significant improvements in business performance, safety and profitability.

The technology, developed by Hosokawa Micron in collaboration with key strategic partners, will change the way the manufacturing sector operates and does business in the future.
