IET The Institution of
Engineering and Technology

Improving the world through engineering

By Professor Stephen Turnock FIMechE

The University of Southampton has a global reputation for performance sports engineering over four decades, contributing to Formula One, Americas Cup yachting and Summer & Winter Olympic Games.

Its world-leading design, test capabilities, outstanding innovation & technical expertise have contributed to British Olympic gold medals in cycling, skeleton bobs and swimming.

Professor Stephen Turnock FIMechE will offer an insight into the engineering of innovative sporting solutions and developments

Wed 7th Dec 2016 19:00

Doors open **6.30pm** with Coffee/Tea available
Canapé Reception will follow the lecture

Salisbury Arts Centre
Bedwin Street, Salisbury SP1 3UT

Tickets **£10**: tinyurl.com/IMechE-AB11
