SUSPENSION BRIDGE TOUR AND POST-CHRISTMAS CURRY

The Bath and Bristol Young members would like to invite you to join in celebrating a successful year!

The evening will start with a tour of the Clifton Suspension Bridge. We will have a guided tour of the Bridge and a chance to look around the new visitors centre.

Following the Bridge tour, we will head to the Brunel Raj in Clifton for a belated Christmas curry and a chance to talk to some like-minded engineers.

There is only space for 30 people on this event, so please book your place today!

About Clifton Suspension Bridge

The Clifton Suspension Bridge is World famous and one of the essential things to see in the West Country. Designed by the great engineer Isambard Kingdom Brunel, this stunning piece of engineering spans the Avon Gorge, linking Bristol with North Somerset and was first opened 150 years ago.

Today, the bridge is maintained by the Clifton Suspension Bridge Trust and is still in active use, allowing thousands of vehicles to cross the Avon Gorge every day.
